

From Production Floor to Shipping Dock

Evapco SelectTech can help integrate packaging equipment controls into one seamless system.

PACKAGING

Packaging: Evapco SelectTech has extensive in-plant experience from start of line packaging to final packaging/palletizing. This includes raw material packaging, robotic/manual case packaging, and palletizing.

Primary Packaging

- ◆ Inline Scale Systems
- ◆ Vibratory Transport Systems
- ◆ Product Transport Conveyors
- ◆ Bagging Machines
- ◆ Form-Fill Sealing

Secondary Packaging

- ◆ Manual Case Pack-Off Systems
- ◆ Check Weighing Systems
- ◆ Label Verification/Rejection Systems
- ◆ Automatic Case Pack-Off Systems
- ◆ Vision Systems

Evapco SelectTech delivers a **total coordinated turnkey approach** to projects. This thorough methodology creates a cost-effective, detailed, and reliable system even in the most challenging circumstances.

Additional Services: Evapco SelectTech is a full service provider specializing in a wide range of services in addition to packaging line integration.

◆ Facility

Evaporators, Heat Exchangers, Compressors, Condensers, Chillers, Blast Cells

◆ Air Handling

Air Balancing, Air Units, Burner Retrofits, Humidity Control

◆ Process Controls

Clean In Place Systems, Production Control Systems, Product Chilling, Oven Control

◆ Client Services

Project Coordination, Project Management, Design, Installation Startup

CAPABILITIES

Automation and Integration Solutions for the Food Processing Industry From service projects to building a bridge as a complete solution

Since 1992, Evapco SelectTech has helped customers achieve more efficiency and increase performance throughout their food processing systems. Our team has comprehensive industry experience and has earned a reputation for innovative, cost-effective solutions, complete integration, and responsive service.

As a systems integrator specializing in design-build installation, production line automation, process systems, material handling, and plant facility/utility systems, our comprehensive capabilities include:

Support Services

- Upgrade / Retrofit of Existing Control Systems
- Information Technology Support
- Complete System Design & Build
- PLC Platforms
- Post Project Support

Process Integration

- Information Technology Integration
- Product Chill & Freeze Systems
- Production Line Integration
- Continuous Cook Systems
- Process Automation

Facility Controls

- Air-Water-Gas-Steam Systems
- Sanitary Air Handling Systems
- Dehumidification Systems
- Ammonia Refrigeration
- Waste/Wastewater

Material Handling

- Palletizers
- Case Conveyors
- Stretch Wrappers
- Wash Down Conveyors
- Check-Weigh / Scale Systems

Packaging

- Primary Packaging (RTE)
- Secondary Packaging
